

RICARDO SAMONTE

IT/NETWORK ENGINEER

Dedicated and proactive IT/Network Engineer with a strong foundation in computer networking, system administration, and technical support.

Experience

April 2024 – Current

ACHIEVE WITHOUT BORDERS NETWORK INC

Junior Network Engineer

- Wireless Networking: PtP & PtMP radio configuration, RF planning, frequency optimization, antenna alignment
- Networking: VLANs, Static Routing, OSPF, QoS, DHCP, NAT
- Installation & Hardware: PoE deployment, cable termination, grounding, surge protection
- Troubleshooting & Monitoring: Spectrum analysis, signal optimization, PingPlotter
- Software & Tools: Cambium cnMaestro, Mimosa Cloud, RouterOS, UniFi, Linux CLI
- Wireless radio installation and alignment (Mimosa, Cambium, Ubiquiti, MikroTik)
- Frequency planning and interference mitigation
- Antenna selection and polarization (Omni, Sector, Dish)
- RSSI, SNR, and modulation optimization
- Experienced in configuring and troubleshooting dynamic and static routing protocols, inter-VLAN routing, and Layer 2/Layer 3 switch operations.
- Proficient in creating and managing VLANs, trunk/access ports, VLAN tagging, and network segmentation for optimized performance and security.

October 2023 – February 2024

PART TIME IT PROFESSOR

- Basic IT Fundamentals
- Programming
- Network
- Basic Calculus
- Calculus 1

September 2021 – November 2023

ALSGRO INDUSTRIAL AND DEVT CORP | Muntinlupa City

MIS Head
